Which-Marina.com

www.which-marina.com is a marketing tool provided by The Yacht Harbour Association (TYHA) specifically marketed at boat owners. Which-Marina lists all TYHA member marinas and any vacant berths. It is updated on a daily basis and can be searched according to location and gold anchor status.

You as a Marina and mooring operator and as a Member of The Yacht Harbour Association and the British Marine Federation can list your available berths on the website free of charge.

The new website has been designed by Ocean Road and TYHA are delighted with the ongoing developments of the site. It certainly seems to be a hit because it is receiving on average 300 unique visitors each day browsing an average of 4 marinas each time they visit.

If would like to list your available berths please simply contact Libby Gordon with berth details on
